

How to Export Photos from cloud9ortho

1. Click **Images** and select the appropriate patient
2. Place the mouse over the appropriate Series and click the **RIGHT** mouse button
3. Click on *"Export Series"*

4. Navigate to a folder where you want to store the Case File information and Name the File with the Patient's First Initial and Last Name
5. Click **Save** to automatically save the images into a *Compressed (Zipped) Folder*

6. Once the Images have been saved, Click **OK** to Close the Export Images window
